

Maths / Art Day

Wednesday 30th September

What we had to do

First we had to make 3D parts of a body. All of our creations were put onto a 2D cardboard model. Some of the shapes included pyramids and cubes.

Next...

Collaboration

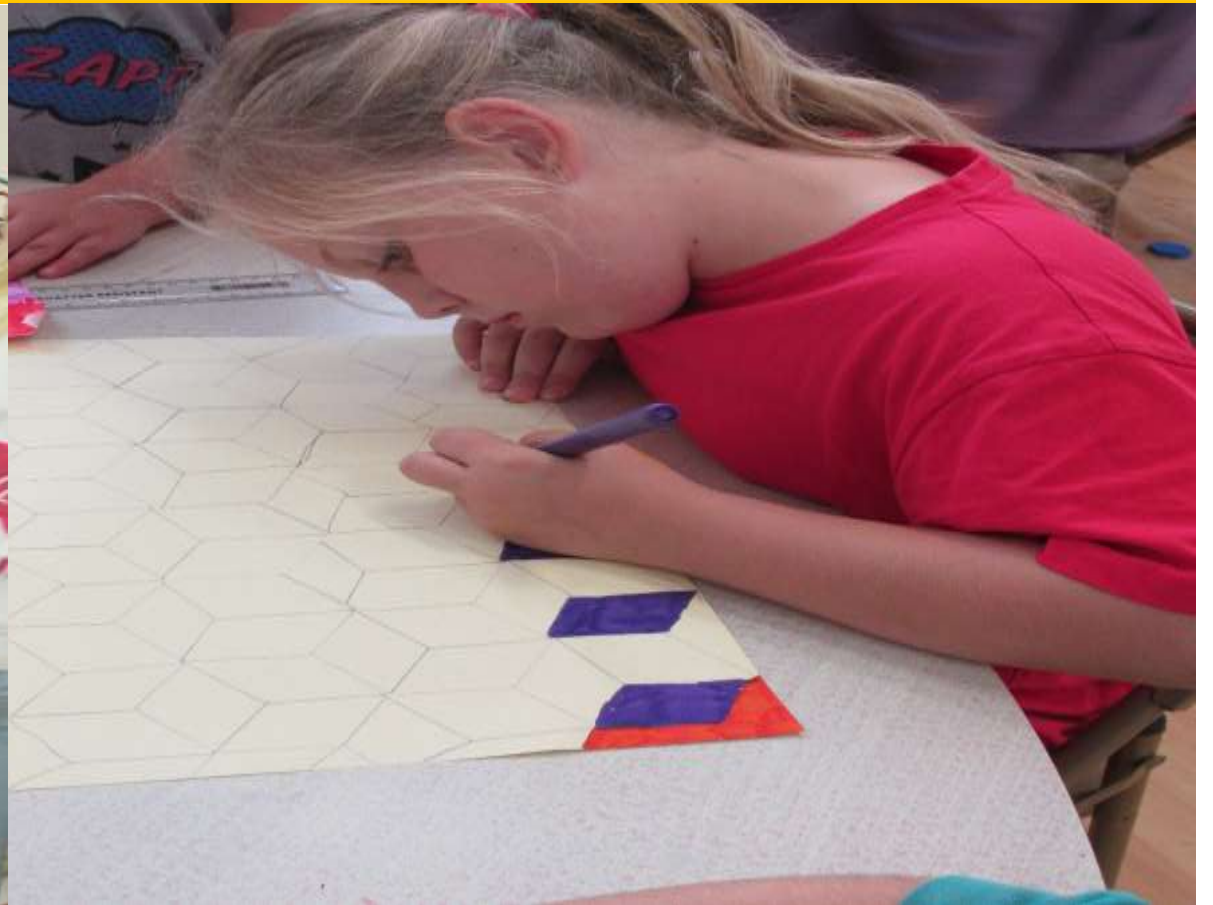

Afternoon

Painting

Tessellating

After...

After we had assembled the model, we had to paint it. On the right, there is a picture of the finished models.

James

James was the artist who made the 2D models and gave us the challenge of making them 3D.
